

## **PASSENGER PICK UP INFORMATION**

Thank you for choosing ConneXions, here is the information on how to find our pick-up location:

### **On Landing**

Your driver is tracking your flight and knows when it has landed. Within 5-10 minutes of landing they will call or text you with a request to contact them as soon as you have collected your luggage.

### **Once You Have Your Bags**

Please call the driver for instructions on where to find the vehicle. The pick-up aisle is immediately outside the exit doors and the edges of the sidewalks are brightly colored for identification purposes.

***If the curb isn't colored (see photograph below) then you are in the wrong place!***

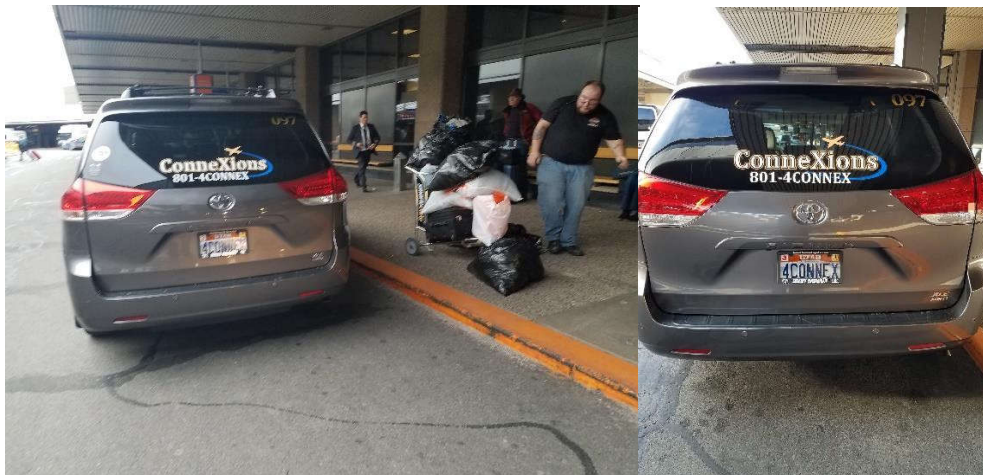

For ease of reference, our pick-up points are at the following locations:

#### **Terminal 1 – Airlines other than Delta and some Skywest flights**

All exit doors from the terminal are numbered and we pick up next to ***door number 6 at the orange colored curb*** immediately next to the terminal building (see photograph below).

#### **Terminal 2 – All Delta and some Skywest Flights**

Again, all exit doors from the terminal are numbered and we pick up next to ***door number 10 at the orange colored curb*** immediately next to the terminal building (please see photograph below).

***If you have any difficulty please call your driver or the office (number below) for assistance.***

***Once again, thank you for choosing ConneXions and we hope you enjoy the service!***
